Career and College Promise (CCP) provides seamless dual enrollment educational opportunities for eligible North Carolina high school students in order to accelerate completion of college certificates, diplomas, and associate degrees that lead to college transfer or provide entry-level job skills. North Carolina community colleges may offer the following Career and College Promise pathways aligned with the K-12 curriculum and career and college ready standards adopted by the State Board of Education:

- A College Transfer Pathway leading to a minimum of 30 hours of college transfer credit;
- A Career and Technical Education Pathway leading to a certificate, diploma, or degree;
- A Cooperative Innovative High School Pathway approved under Part 9 of Article 16 of Chapter 115D of the General Statutes.

Early College High Schools are classified as cooperative innovative high schools under the Career and College Promise program. Students apply for admission to Anson County Early College (ACEC) or Union County Early College (UCEC) in the eighth grade. SPCC tuition is paid for ACEC and UCEC students. Upon graduation, students then apply to transfer to the college or university of their choice.

Admission for Allied Health and Nursing Programs

If you are seeking admission into an SPCC health program, you will be required to meet all health program admissions criteria and be officially accepted into the health program prior to taking program-specific health classes. Each program has different admissions criteria. Refer to the specific Allied Health or Nursing Admissions Requirements booklet for the health program in which you seek admission. These booklets may be found in the offices of Enrollment Services in the Student Services Division of SPCC or on the website at www.spcc.edu. Click on Student Resources>Admission to Health Programs

Admission of International Students (Documented)

South Piedmont Community College considers admissions to documented foreign nationals. The following must be completed and submitted to the Admissions Office prior to enrollment:

- SPCC Application for Admission
- System Data Gathering Form
- Residency Application Form
- Permanent Resident Alien Card (or other acceptable documentation)

SPCC is not able to issue I-20s to international students.

In order to be considered for in-state tuition rates, any Documented Foreign National applicant must provide convincing documentation that he/she intends to make North Carolina his/her domicile (see Residency Classification for Tuition Purposes in the Registration and Financial Information section of this catalog). Although a student may possess valid documentation to be lawfully present in the United States, that documentation does not guarantee the student has capacity to establish a domicile in the United States.

South Piedmont Community College does not have housing facilities, living accommodations, or associated support programs for individuals from other countries. You are responsible for your own transportation.

Admission of International Students (Undocumented)

The North Carolina Community College System advised in Memorandum CC10-026 (effective June 10, 2010) that community colleges should admit or enroll undocumented immigrants only as follows:

- Undocumented immigrants who are high school students may enroll in college-level courses consistent with the Career and College Promise policy. Participation in this program is not based on

legal residence, but on attendance in a North Carolina high school. These courses are open to all high school students attending high school (public, private, or home school) located in the state who meet the eligibility criteria.

- Undocumented immigrants may enroll in non-college level courses or programs including high school equivalency preparation courses, Adult Basic Education, Adult High School, English as a Second Language and other continuing education courses less than college level.
- Undocumented or battered illegal immigrants who have been determined to meet one of the qualifying conditions in Federal Law, 8 USC Section 1641 are eligible for college-level courses. It is the applicant's responsibility to produce sufficient written documentation to satisfy the College that the applicant is eligible for post-secondary education benefits.
- Undocumented immigrants must have attended and graduated from a United States public high school, private high school, or home school that operates in compliance with state and local law. Undocumented immigrants with a high school equivalency diploma are not considered to be "graduated from a United States public high school, private high school, or home school" and therefore are not eligible to be admitted.
- Undocumented immigrants who are registered into a class are required to pay the out-of-state tuition rate. The College shall not enroll undocumented students into a class or program of study for which there are waiting lists, nor register undocumented students for classes until the conclusion of the last published (i.e., late) registration period.

Acceptance of Credit

SPCC evaluates, awards, and accepts credit for transfer, credit by exam, credit by nationally recognized industry credential, and advanced placement. The College ensures that all associated coursework and learning outcomes are at the collegiate level and comparable to those for SPCC degree programs.

All requests for transfer credit should be made before enrolling but after application and transcripts received at South Piedmont Community College. In order to obtain transfer credit evaluations, a student must complete a Request for Transcript Evaluation form and supply the College with appropriate transcripts as well as course descriptions or catalogs, if the College requests them.

Students who have completed coursework at other colleges and universities should submit official transcripts of all post-secondary work. Transfer credit may be awarded for appropriate military courses based on American Council on Education (ACE) recommendation. If a student submits transcripts from foreign universities, it is his or her responsibility to provide accurate translations from an approved evaluation agency (e.g., WES) of the (a) transcript, (b) course descriptions, and (c) grading system. Credit will be evaluated in the context of the current SPCC college catalog and awarded according to the following criteria:

- Prior coursework must correspond in instructional hours and content and must be substantially similar to SPCC courses required in the degree, diploma, or certificate being sought. Quarter-hour courses must equate to the semester-hour equivalent of the current required course, either by a combination of courses or as standalone by using the 3:2 ratio (2/3). Coursework must have been completed at a regionally accredited college recognized by the Commission on Colleges or other nationally known accrediting body.
- Coursework must have been completed with a “C” or better.
- Transfer students must meet Residency Requirements for Graduation.

The decision as to how much, if any, transfer credit will be awarded and how such transfer credit will be applied is discretionary on the part of the College.

Noncredit to Credit Policy

South Piedmont Community College awards curriculum credits for non-credit work. This includes nationally recognized industry credentials, credit by examination, approved Continuing Education courses, or through provisions identified in numbered memos and/or guidance from the North Carolina Community College System, and/or when a state-approved bridging program is in place.

Students interested in receiving curriculum credits for non-credit work (continuing education courses, state or national licenses) may obtain information from the Registrar’s Office at the time of admission.

Comprehensive Articulation Agreement

The 2014 Comprehensive Articulation Agreement (CAA), approved February 2014, between the State Board of the North Carolina Community College System and the Board of Governors of the University of North Carolina establishes the procedures for governing the transfer of credits for students who transfer from a North Carolina Community College to a constituent institution of the University of North Carolina. The CAA does not address admission to a specific institution or to a specific major within an institution.

To be eligible for the transfer of credits under the CAA, the student must graduate from the community college with an Associate in Arts (AA) or an Associate in Science (AS) degree and have an overall Grade Point Average (GPA) of at least 2.0 on a 4.0 scale and a grade of “C” or better in all CAA courses. Students who do not complete the degree are eligible to transfer credits on a course-by-course bases.

Additionally the Independent Comprehensive Articulation Agreement allows for transfer of Associate in Arts and Associate in Science degree program credits to some private institutions. For more information regarding the transfer status of specific courses and curricula, visit the Future Students section on the SPCC Website or contact the senior institution.

Advanced Placement (AP) Course Credit

Applicants to SPCC may request transfer credit for subjects taken in high school if they have a designation of Advanced Placement and appropriate score on an Advanced Placement exam at the end of the course. Credit must be applicable to your current degree or diploma requirements. Advanced credit must be supported by official test score reports to be considered for transfer credit. Only hours earned are awarded. Official documentation verifying test scores is required. All approved and recorded Advanced Placement credit will be assigned a grade of “AP”.

College Level Examination Program (CLEP) Credit

Applicants to SPCC may request transfer credit for subjects covered under placement examinations. The College Level Examination Program (CLEP) subject area exams may be evaluated for SPCC college credit. Test scores must meet ACE (American Council on Education) recommendations. Credit must be applicable to your current degree or diploma requirements and must be supported by official test score reports to be considered for transfer credit. Only hours earned are awarded. Official documentation verifying test scores is required.

Tech Prep Credit

In cooperation with the local high schools, South Piedmont Community College participates in and supports the Tech Prep (Technical Preparation) program. Pertaining to credit for Tech Prep, the College adheres to the North Carolina High School to Community College Articulation Agreement as set forth by the North Carolina Community College System and the NC Department of Public Instruction. The Tech Prep program is a course of study for high school students designed to meet the needs for a more technically oriented educational background. Through a blending of higher level academic and vocational courses, Tech Prep prepares students for the advanced courses required by South Piedmont Community College.

Educational Experiences in the Armed Services Credit

It is the policy of South Piedmont Community College to award credit for training experiences in the Armed Services. Such experiences must be certified by the American Council on Education. Credit will be given on the basis of individual evaluation by the Registrar. Creditable military experience must closely correspond to courses in the South Piedmont Community College curriculum for which you are applying. College credit earned while in the Armed Services must be substantiated with an official transcript of coursework from the Department of Defense or applicable college.

International Transcript Credit

International transcripts require an official English translation. If your college or university transcripts are not from the United States, you must have an International Transcript Evaluation completed by an evaluation agency at your expense. Submit your transcript, course descriptions, and the grading system to an agency recognized by the National Association of Credential Evaluation Services (NACES), World Education Services (WES), or International Education Evaluations, Inc. (IEE) for an international evaluation. A letter grade of “A,” “B,” or “C” and earned credit hours must be provided for each course. Course equivalencies based on terms such as “Excellent” or “Good” are not acceptable. If you submit transcripts from foreign universities, it is your responsibility to provide accurate translations of (1) the transcript, (2) course descriptions, and (3) the grading system.
