Federal regulations require a less than half-time budget calculation that is restricted to tuition, books, and transportation for students who are enrolled less than half-time. The following chart shows the budget for less than half time students for Pell purposes only. All other programs will be prorated appropriately. If a less than half-time enrollment status is a result of dropped or never attended classes, Pell will be reduced and an over award could occur. It is your responsibility as a student to repay any over award before receiving additional federal aid.
