

Vaccination Records

DO NOT submit to SPCC

(All of these are required in order to attend the mandatory field experience/Clinicals)

Submit on COMPLIO a copy of the following immunizations:

(instructions to be provided at orientation – do not create account prior to registration)

- MMR: two doses or titers for Measles (Rubeola), Mumps, and Rubella.
- Varicella: two doses or titer for Varicella.
- Hepatitis B:
 - Energix-B or Recombivax HB three dose series (at 0, 1 month, and 6 months).
 - Hep-B two dose series at least four weeks apart.
 - HepA-HepB three dose series
 - or titer for Hepatitis B.
- Td/Tdap: Td booster every 10 years and a one-time dose of Tdap as soon as possible if an individual has not received Tdap previously (regardless of when the previous dose of Td was received).
- Tuberculosis (TB) Requirements:
 - Baseline Individual TB Risk Assessment including TB symptom evaluation AND Initial TB/PPD: Two-step PPD within the last 12 months (2nd PPD administered 1-3 weeks after 1st PPD is read) or a TB Blood Test with program admission or readmission.
 - Students with positive TB skin test in the past, due to TB exposure/infection or BCG vaccination, a chest x-ray within the last 5 years is required along with the Baseline Individual TB Risk Assessment and TB symptom evaluation. (Note: If a PPD is positive, chest X-ray should be negative for TB disease and the individual asymptomatic for TB).
 - Annual Tuberculosis Risk Assessment and Attestation Form
- COVID-19 Vaccine- Complete vaccination series of any of the three vaccine products:
 - Johnson & Johnson (Janssen) – Single dose
 - Pfizer-BioNTech – Two doses, 21 days apart
 - Moderna – Two doses, 28 days apart
- Influenza: current seasonal vaccination for rotations from October-April.
